

469733

MEMORANDUM FOR: Assistant Chief of Staff, Intelligence
Department of the Army

ATTENTION : Chief, Topographic and Geodetic Division

SUBJECT : Priority of "Mapping and Geodesy" in IPC Lists

25X1X4 1. Attached herewith is a copy of the new contribution to the IPC List on Albania which we are submitting to the CIA representative on the [REDACTED]

2. This new contribution is keyed into Objective I. c. on page 2 of the draft dated 15 December 1958. We have simply added the brief paragraph to the two existing paragraphs, and similarly the two targets for maps to the targets already shown.

3. We understand that your office had previously requested that the collection of topographic maps of the USSR and Satellites be given a 1st priority.

4. Discussion of the draft on Albania will probably be held during next week's meeting of the IPC committee. We hope that the Army representative will urge that the priority for maps be moved from II.c. to I.c. not only for the Albanian list but for the USSR list and all other Satellite lists.

FOR THE ASSISTANT DIRECTOR OF RESEARCH AND REPORTS:

25X1A9a

[REDACTED]
Chief, Map Library Division

Enclosure:
Suggested Revision for IPC List
on Albania

Distribution:
